**My Word!**

THIS UPCOMING weekend is the last in April and marks the beginning of Daylight Saving Time. Set your clock ahead before you go to bed Saturday night.

**BUMPER STRIP** on a car in Michael's parking lot: Hormones are a big bust.

SOME YEARS ago, the possibility of annexing Thousand Oaks section of Berkeley to Albany was brought up at City Council and forgotten. Now it is being discussed with much sincerity. Understand many Thousand Oaks residents are appealing to Albany to take them in. It most likely would be a boon to Albany taxpayers to have that many more people sharing the load, but can you seriously believe Berkeley's City Council would approve it?

THEY'RE ORGANIZING a Consumer Action League at 8 p.m. Friday night in the Student Union building of Contra Costa College. There's no charge for admission and you're more than welcome to attend, hear Malvina Reynolds and learn how shoppers can protect themselves through unified action.

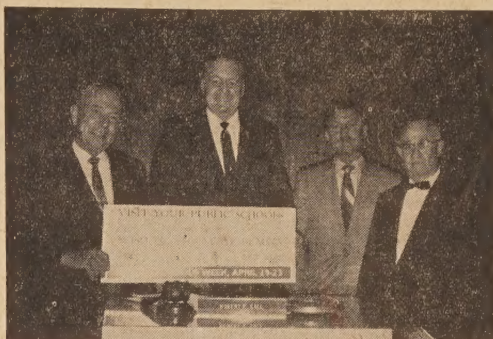

THE BUSY spring season is upon us. This is Public Schools Week with its special activities. Little League begins a new season Saturday. Right around the corner is May, when Albany High School present "Oklahoma!" on the 7th, 8th and matinee on the 9th. Albany Chamber of Commerce is planning its day at Golden Gate Fields on May 6 and its installation dinner June 17. Rotary club installs at the Cerrito City Club May 15. Lions have scheduled a pancake breakfast May 23 and the Jaycees will crown a Maid of Albany May 29.

MRS. HOWARD (VIRGINIA) MICHELMAN of Berkeley, formerly of Evelyn Avenue, is a surgical patient at Merritt hospital.

THERE HAS been a heart-warming outpouring of love and concern for the six-year-old Valley boy who is a patient at Children's Hospital Medical Center. A couple of calls came from Albany from people who are praying for his recovery. At this writing three words describe Andre Angel's condition: critical, unconscious and stable. His parents spend most of every day at the hospital—waiting, hoping, I'm sure, praying. A card arrived Monday which made his father cry. It was signed by the 10-year-old in Lima, Ohio, who recovered from rabies and has provided the guidelines for Honolulu. (Continued on Page 3)

## Council Reorganization Names Call as Mayor For Second Year

Two major governmental issues came before the Albany City Council at the regular Monday night session: reorganization of Council members which resulted in Hubert F. Call being elected mayor for a second term, and official go-ahead on the Solano Avenue Beautification Assessment program.

Councilman Joe Carlevaro was elected vice mayor. All councilmen were renamed by Mayor Call to the commissions they have held during the last fiscal year.

Mayor Call, thanking the Council for their confidence, said this last year was a great experience and said he anticipated a greater challenge during this next year. He said the Council must work closely together, face up to responsibility, and even though some solutions might be unpopular, "we must look out for our city."

President of the Albany Chamber of Commerce Elmer Coble thanked the Council for a year of good government saying they had used "control and choice" wisely.

HUBERT F. CALL  
Re-elected Mayor

During the public hearing to consider any and all protests filed against improvements and acquisitions to be made, the extent of the assessment district, or the proposed assessment on the Solano Avenue Beautification improvements in the City of Albany, objections from six percent of the property owners in the assessment district were heard.

Two major objections came from service stations fronting on Solano Avenue: Richfield Station, Solano and Santa Fe, regarding the egress blockage on Solano; and the Sukomoto property, 1160 Solano, under lease to Standard Oil Company and at present without management, who feared breakage of lease if blockage of Solano ingress takes place under the improvement plan. The Richfield corner, where the proposed blockage will be, will be enhanced with kiosks, a cluster of trees, planters and a bus shelter. The Stannage Avenue corner will be bowled with matching symmetry of the curbing on the opposite corner. It was pointed out by Council that no improvement could be made on either proper-

Don was a prime mover in founding Branch 24 and served as its first "Big Sir" for the year of 1970. Under his leadership the Branch has grown from the initial few to over 130 members. ## BERKELEY REALTORS OPEN ESSAY CONTEST

An essay contest on the subject, "The Responsibilities and Advantages of Real Estate Ownership" is being sponsored by the Berkeley Board of Realtors in cooperation with the Berkeley High School, Albany High, El Cerrito High, Presentation High and St. Mary's High School and the Berkeley Daily Gazette, Albany Times and the El Cerrito Journal. It was announced today by Robert A. Rogers, the board's president, with Realtor Frances

A. Pruter as the contest chairman.

Open to students of the 9th through 12th grades, the essays will be limited to 300 words. The contest closes May 15, 1971.

The winner will receive a \$100 U.S. Savings Bond and his or her essay will be published in full in the above named newspapers.

"This contest is intended to help students become aware of not only the advantages of owning a home or some form of investment property," he commented, "but of the responsibilities that go with ownership."

"Aspects of owning an apartment house, for instance," he continued, "are what responsibilities does the owner have to his tenants, the neighborhood, and his community beyond his natural desire to make enough profit to maintain the building and realize a reasonable return on his investment?"

The winning essay will also be entered in a statewide essay contest, Rogers said, sponsored by CREA through its 173 local boards of Realtors. The winner of that contest, which closes August 31, 1971, and parents will be brought to the CREA convention in Los Angeles in early October to receive a trophy and a scholarship award of \$500.

Frank is well qualified to speak on his chosen subject as he served on the Berkeley-Albany Selective Service Board for over 28 years. In addition to that civic duty he also found time to serve as Albany's Mayor for three terms and on the Albany Park and Recreation Commission for 11 years.

In his spare time he was active in the American Legion and is Past Commander of Post 292.

## Liniment League Basketball Sign-up Today

The Albany Park and Recreation Department announces that there will be Liniment Basketball League sign-ups beginning today. New sign-ups must be Albany residents over the age of 30.

All boys who will be playing Albany Little League this year will participate in the opening day parade this Saturday, 10 a.m., starting at Ventura and Solano Avenues, Jack Rosano, parade chairman, has announced.

Traditionally, the Albany Fire Department's snorkel truck will lead the parade, followed by the mayor, councilmen, city department heads and city officials, who will participate in the Opening Day Ceremonies immediately following the parade at the baseball diamonds in University Village.

The Albany High School marching band will march, playing appropriate musical selections. Also featured will be the Albany Lions Club car which will follow the National League's Cardinals team which they sponsor. Antique cars will "touch up" the parade as well as several surprise attractions. Co-chairman Larry Eaton will direct the parade from Ventura to San Pablo Avenue, west to Monroe and on to the Little League field.

## Ceremonies

Opening day ceremonies will be brief but breath-taking when all team members in uniform form a half-circle on the baseball diamonds before the American and Little League Flags as the Star Spangled Banner and the Little League Pledge is played. Immediately following the formal portion of the ceremonies, Mayor Hubert F. Call will "toss in the first ball" to open the 1971 season. Vice Mayor Joe Carlevaro and Councilmen Lewis Howell, George Hein and Dick Clark will demonstrate their baseball talent with a brief game.

## Food 'n Drink

To accommodate the spectators who will be attending the six Little League baseball openers Saturday, the Albany Little League Women's Auxiliary will have available, food and drinks to be sold at the snack booth from early morning to the end of the last games played, which start at 3 p.m. Games usually take one and a half to two hours. There will be foot long hot dogs, chips, pastries, soft drinks, coffee, tea, hot chocolate, popcorn and candies.

Proceeds from the booth go to the Little League for operational expenses.

## Eye-Ear Tests Announced

Albany children from 3 to 5 years old will be tested for hearing and vision difficulties at Albany Methodist Church, Marin and Stannage from 9:30 a.m. to 12:30 p.m. on the following dates: April 27 through 29, and on May 1 from 9:30 to 11:30 a.m., as a convenience for working mothers.

Co-chairmen Mrs. Peter Tausig and Mrs. Charles Tronoff state that volunteers will guide the children through audiometry and "E-chart" testing. If a problem seems evident, that child will be scheduled for subsequent re-testing. Parents will be advised where and how to seek professional help.

Early detection of eye and ear problems is important. Most difficulties can be corrected if treatment is begun promptly.

The testing program is being sponsored by the PTA units of Albany schools. No appointment is necessary. Parents are urged to take advantage of this opportunity to have their preschoolers checked.

## Color Comic Booklet Offered Free From PG&E on Kite Fun

A smart squirrel named Rocky and his sidekick, a moose named Bulkwinkle, teach horrible Boris and Natasha, the secret plan stealing duo, a thing or two about kite flying in the 1971 version of Pacific Gas and Electric Company's kite fun booklet.

The color comic booklet is now available free at all PG&E offices. It provides patterns and instructions for building kites and offers puzzles and games for boys and girls when it rains and kite flying isn't safe. The booklet is available in quantity for group or school use.

Rocky and Bulkwinkle make no secret of eight rules for kite flying safety that they want "leaked" to Boris and Natasha:

1. Always use dry string, not wire or anything metallic.
2. Always use wood and paper in your kite, not wire or metal.
3. Always fly your kite on days when there is no rain.
4. Always avoid busy streets or highways while flying your kite.
5. Always fly your kite away from radio and television antennas.
6. Always call PG&E if your kite gets snagged in a power line. Do not pull the string or climb

power poles or trees near power lines to free a snagged kite.

7. Always keep away from fallen wires.

8. Always fly your kite far from electric power lines or utility poles.

### Heart Drive Successful

Early returns from the Alameda County Heart Sunday drive show a healthy increase in public contributions.

Mrs. Sebastian Ramirez has revealed that on Heart Sunday, Feb. 28, workers throughout the county turned in \$43,205 — compared to \$37,627 on Heart Sunday last year. The increase is 14.8 per cent.

As a community, Albany contributed to the up-trend. \$1,416.30 was turned in to the captains and area chairmen here, compared to last year's \$1,300.45.

Mrs. Ramirez complimented the local Heart Sunday walkers and their leaders for an excellent performance. Just as important, she said, the people of the Albany area deserve credit for their generosity and continued dedication to the heart disease control effort.

As funds continue to be counted locally, additional reports will be issued, but Mrs. Ramirez and other leaders of the county-wide effort are confident that the increase will hold up as the counting goes on.

The local leaders urged persons not at home on Heart Sunday to make use of the envelope left for their contributions to be mailed in.

### New Position For James Williams

He is also vice president of the Placer Shrine Club of Auburn and commanding officer of the anti-sub warfare operational control unit 12-C1 Naval Reserve at NAS, Moffett Field.

## New Telephone Facilities Will Include Albany

Construction of new telephone facilities will continue at a record rate in 1971 in the East Bay, John H. Dills, Pacific Telephone's Bay Area vice president and general manager, said today.

The multi-million dollar projects in the East Bay are part of the approximately \$160 million to be spent in the Bay Area.

Company-wide, about \$800 million will be spent on construction to provide for good reliable basic telephone service and to meet the demand for more sophisticated equipment today and in the future, Dills said.

More than half of the Bay Area total is for central office equipment. It is an expenditure that the general public cannot see, but can "hear" since it will improve

service on long distance and local calls throughout the integrated telephone network.

Cable, poles and underground conduit will require \$25 million. The cost for new telephone sets and the other equipment used by the subscriber, such as switchboards, will cost \$37 million in 1971.

Of the total Bay Area expenditure only \$15 million will be used for land and buildings. Vehicles, tools, office equipment and furniture will require the expenditure of \$1 million, Dills said.

The major expenditure in the East Bay will be a series of projects at the company's complex at 1587 Franklin St., Oakland. All of the Bay Area will benefit from those projects, not just Oakland, Dills pointed out.

Major projects for Albany in 1971 include: \$142,000 will be spent for additional trunks and other equipment to care for growth and service improvement.

There will be two underground cable projects. One leads from the Solano Avenue central office to a Richmond central office at a cost of \$110,000 and the other from the Solano Avenue central office to a Berkeley central office at a cost of \$100,000.

## Cash Awards Offered by Bank of America

Local high school seniors are now embarking upon a long trail awarding to a possible cash award of \$1,000.

That's the top prize in Bank of America's annual Achievement Awards competition, according to Regional Vice President Harold Furst.

Furst, who is in charge of all bank branches in Alameda and Contra Costa Counties, said:

"This year will see the bank presenting \$164,000 in no strings attached cash awards to high school students throughout the state. They will also present 8,200 certificates and 2,600 plaques this spring."

Skimming off the cream of the cash awards, top prizes of \$1,000 will be awarded to 40 seniors in four different study fields at 10 non-competing divisional events in May. Finalists at these events will first advance through local and regional competition.

Furst added that this is the 24th year of the annual program which is designed to honor outstanding high school seniors "whose scholastic attainment, sense of civic responsibility and evidence of leadership give most promise of future success and service to society."

The program also seeks to "stimulate and encourage high school students in their academic, vocational and citizenship training."

## Ten reasons to own a dishwasher.

**PG and E**

If the present plan was carried out, Richfield has four drive-in parking areas, and would have three under the program; the Stannage property has three, would retain one, and would have one more, ingress facing Stannage, egress on Solano.

Other objections stated cutting back in parking areas, and the suggestion that all property owners—not just Solano property owners—share the assessment burden.

A letter from Kathe Zahn, executive director and councilwoman, was sent to the city, while the city has present financial problems. She questioned the \$4,800 to be spent on new benches, water exchangers for the trees and shrubs, and accumulating in planter boxes, and loss of advertising revenue from present wooden benches.

Council pointed out that all properties would benefit uniformly, parking isn't used to capacity, and minor loss is warranted.

William Garren, Albany conservationist and early exponent of the beautification program, spoke to the audience saying that the plan had its inception in 1956, that 65 percent of the property owners signed up for it, that the greater benefits offset smaller inconveniences, the need for major improvement on the Avenue, the improvement to all property, and that the result in Solano Avenue would be one of just three malls inameda County.

Following the public hearing, Council passed Resolution 71-45, authorizing the city to proceed with the beautification program, and the filing of amended Engineering Report and estimate of costs. Resolutions 71-47, 71-48, 71-49, and 71-50, adopting fees, levies, assessments, authorization of other changes in work by the Director of Public Works — although no changes in assessment be made, and the resolution to contract to Ransom, low bidder on the actual contractual work.

Other business on the agenda included the revoking of home unit of occupation at 914 Pershing, the levying of assessment for the next 12-month period on Solano street lighting, and resolution commending Frances E. Barry, who retires August 31, for her long and faithful 26 years of service to both the city and schools.

**The Mail Bag**

Editor, The Times:

I have sent this letter to the Albany City Council:

Councilmen:

I would like to express my views to the Council for their consideration in regard to the Solano Avenue Beautification Program. As both an Albany homeowner and businessman, my interests in the city and its residents are of great importance to me.

I think you have acted responsibly in allowing the development of the Solano Avenue Beautification Program. I repeat as a qualifying statement that I made to the Council in person at a public hearing last September that: 1) I was an original supporter and proponent of the program, and 2) I realize that this is an assessment and not a tax. But I remind you that the sum total continues to emphasize the burden of spiraling taxes. This is something that I did not (and presume you did not) anticipate to be of such great magnitude and at an unceasingly accelerated rate. Thus, times have changed since the onset of the plan—now ECONOMY is not just wise, but out of the frugal remains, it is a necessity.

I commend your action in recognizing the great loss of one of our larger businesses just this month—again a reflection of the times. The need exists for re-evaluation of what our costs are and what control you have over them. With costs rising faster than income, Albany residents, including our many Senior Citizens and others on fixed incomes, have already exceeded their ability to assume present tax burdens. Therefore, as you proceed with this program, I implore you to investigate every avenue of city economy. It may need clarification, but it is apparent that our budget is now 85-90 percent salaries. Services have already been reduced and there is an expected demand for governmental salaries, at all levels, as well as school salaries, to be increased. I hope you will hold the line in this area.

Finally, with the results of the Berkeley elections still fresh in

## SENIOR CITIZENS

846 Masonic Ave.

**By Margaret Longpre**

The new cross on Albany Hill shows up beautifully and many of our members attended Sunrise Services. We owe the Lions Club many thanks; also the men who done the work.

News is a bit scarce today, will try to do better next time. Slides usually shown on last Monday of the month by Albany Camera Club will be shown Wednesday, April 28, at 1 p.m. There will be a trip May 10 to Occidental and Bodega. Lunch at the hotel will be included. On April 21 Mr. Vuosalo will show pictures of Japan and will talk on same. His last pictures were of Israel and extremely interesting. If you were not there, I must say you surely missed a very good picture. The question and answer period was very interesting and informative as many of the audience had been there.

Friday is our Community Service day. Let us redouble our efforts to develop Albany along conservative moral, political and financial lines.

Sincerely,  
WILLIAM J. KOSEK, M.D.

ice Day and anyone who wishes to lend a hand will be welcome, so if you find yourself with a free day, please drop in and lend a hand. You need not be a senior and I think you will find the work interesting. We are now addressing envelopes and folding tickets for cerebral palsy victims. Gives one a feeling of satisfaction to know they are helping these folks in a small way.

## AHS to Feature Fashions -- Preview of 'Oklahoma' For Public Schools Week

Several departments at Albany High School are busy completing plans for a program to be presented on Thursday, April 22, as a part of Public Schools Week.

"Forest of Fashions" will be presented through the combined efforts of the students in the 8th grade and advanced clothing classes under the direction of Mrs. Annette Allen. General chairmen for the fashion show are Mary Selva and Debbie Smith. Eileen Keane will act as commentator. Mr. Richard Hillman will provide the musical accompaniment.

Among the many students participating are: Jim deJong and David Gonsales, ushers; Sandi Alm and Laura Brown, ushers; Debbie Turner as stage manager; Becky Moore and Pam Rossi, lighting. In charge of scenery are Jean Roberts, Lorrie Martinez, Line Amaral, and Lorraine Meek. Script writers are: Pam Rossi, Joni Alessandro, Mary Selva, and Eileen Keane. Programs were designed and printed by Jean Roberts and the AHS print shop. Model aides are Sandi Smith, Terri Nehls, Jodie Davies and Joni Alessandro. Hair styles for the models will be created by Paris Beauty School and Athena Beauty College.

Two numbers from the forthcoming production of "Oklahoma!" will be presented as part of the program. There will be displays and demonstrations from several departments at the high school including: Fabric Sales, Oceanography, Industrial Arts, Business Education, Art, and English. The foods classes under the guidance of Mrs. Judy Ahnranjani will provide refreshments at the end of the program.

The program will be held in the auditorium of the Little Theater located at Portland Avenue and Key Route Blvd. in Albany, beginning at 7:30 p.m. Displays will be featured throughout the foyer and hallways for parents to view at their leisure. All parents and friends are encouraged by the Albany High School PTA and staff to come and see what young students have accomplished this year.

How many fire hazards are there in your home?

Not many people can answer that question fully. Most people are living with one or more of the conditions that cause fires—fires which destroy or damage more than a half million homes every year in the United States, according to the National Fire Protection Association.

Careless smoking and bad habits with matches are at the very top of the list.

Other major hazards are defective wiring, improper fuses, worn extension cords, and extension cords under rugs. Rubbish that piles up in attics, basements, closets, garages and yards can be treacherous. Paint and flammable liquids carelessly stored may start a fire.

Cause of fires that kill some 6,550 persons in their homes each year also include defective chimneys and flues, faulty heating and cooking equipment, and ignorance about the use of cleaning fluids.

Now is an ideal time for families to check their homes carefully and rid themselves of many of the obvious hazards.

The goal in Albany is to make every home a fire-safe home.

## 'Oklahoma' in Rehearsal At Albany High School Goes on Preview Tour

FRITZ LOURA as Curley shows Mary Thomas as Laurie that "the corn is as high as an elephant's eye" as they rehearse for "Oklahoma!"

By Olga Bier

A preview of "Oklahoma!" to be presented May 7, 8 and 9 by Albany High School, was given to the Albany Scroptimists when Mary Thomas, Suzanne Bier, Fritz Laura, Paul Haller, and accompanist Tom Cravatto entertained club members at their luncheon meeting last week at the Blue Mill Restaurant.

This student troupe will be performing also for the Rotarians, the Senior Citizens, and the AHS PTA Fashion Show this week at their respective meetings to publicize the first Broadway musical to be presented at Albany High School for many years.

Director Dozier Helsback reports that excitement is mounting as the set and costumes are taking shape under the supervision of the Art and Home Ec Departments. Hostess Club President Sue Helmgren and her girls are distributing posters and arranging ticket sales both at Call Bros. Jewelers, 823 San Pablo, and at the high school little theater box office at the noon hour.

The large cast of 42 student performers plus twice as many behind the scene workers—all volunteers—are being shaped into a theatrical company by Mr. Helsback who hopes to bring an entertaining weekend of theater to the community.

Financing for this project is from the high school English department budget allowance ear-

marked for drama and a loan from the student activity fund. A hopeful heart and a brave smile are being used as credit!

The public is invited to reserve their seats early! Groups wishing to sit together can reserve blocks of seats by contacting the box office.
